Opportunity

Platforms for practical experience

History Timeline

January 25, 2021
A seed was planted - the vision to establish a society for students interested in business and finance emerged

August 26, 2021
The blurred vision transformed into reality with the approval from the Registrar & Dean - "Business & Finance Society" became officially registered at Cotton University.

September 1, 2021
The society officially came into effect, marking the beginning of our journey.

October 9, 2021
Grand inauguration ceremony of the Business & Finance Society.

2025 - Present
Now in our 4th successful year, continuing to build our legacy and impact.

Vision and Mission

Our Vision

- To nurture a culture of entrepreneurship, financial literacy, and innovation among students.
- To create an inclusive platform that bridges academia with real-world business practices.
- To build a dynamic community of future leaders who contribute through ethical business practices.
- To foster global exposure by connecting students with business leaders and institutions.

Our Mission

"To empower students with practical financial knowledge and entrepreneurial skills, creating a bridge between classroom learning and real-world application."

Aims & Objectives

The Business & Finance Society strives to achieve these key objectives:

1. Keep students informed of the latest developments in the world of finance and generate informed interest on finance-related topics.
2. Bridge the gap between pedagogy & practice and cater to a wide variety of finance-related interests, activities, and careers throughout the University community.
3. Conduct mind-stimulating discussions and forums year-round related to contemporary issues that supplement classroom teaching to widen the horizons of young minds.
4. Create intriguing blog posts to keep all updated about the latest financial happenings.
5. Organize competitions related to the domain of finance.
6. Help students unlock facets of their personalities they were not even aware of.

ANNUAL FLAGSHIP EVENT

Biz fair

A Busi Affair

Student Marketplace

Innovation Platform

Business Networking

Launched by the Business & Finance Society at Cotton University to showcase and support student & local micro-enterprises through a vibrant campus marketplace.

From learning with incubation partners like Assam Startup: The Nest and NEDFi, our society channelled that experience into BIZ FAIR - a platform that helps micro-ventures grow, connect, and reach new customers.

ANNUAL FLAGSHIP EVENT

The delegation with Mr. Amitav Saikia (DGM Technical, Assam Industrial Development Corporation Ltd)

Key Accomplishments

"Building a legacy of excellence in business education and student entrepreneurship"

Successful BIZ FAIR Editions

- Inaugural edition (2024) launched with Eco Forum
- Second edition (2025) featured 20+ stalls
- Created platform for student entrepreneurship
- Recognized as signature campus event

Strategic Partnerships

- Collaborations with Assam Startup: The Nest
- Partnership with NEDFi for entrepreneurial support
- Brand sponsorship from Red Bull
- Industry connections through field visits

Community Engagement

- Cross-college participation in events
- Growing annual attendance at society programs
- Educational outreach across campus
- Increased financial literacy awareness

Learning Initiatives

- Interactive sessions with industry experts
- Field visits to financial institutions
- Practical exposure to local business operations
- Research on hyperlocal businesses

Future Outlook

Our Vision for Growth: Building on our strong foundation to expand our impact and reach through strategic initiatives.

Expand Partnership Network

Forge stronger relationships with financial institutions, local businesses, and international organizations to provide broader exposure and learning opportunities.

Inter-College Competitions

Organize regional and national-level business competitions to foster healthy rivalry, innovation, and networking opportunities across institutions.

Research & Skill Development

Initiate research projects on financial trends and business practices in Northeast India, complemented by workshops on in-demand skills.

Student-Led Ventures

Create an incubation program with mentorship and seed funding to help students transform business ideas into viable startups.

"Transforming a student society into a breeding ground for future entrepreneurs."
